

BARBERA D'ALBA DOC

Product name: BARBERA D'ALBA DOC

Grape variety: 100% BARBERA

Growing location: Langhe area

Vineyard position: east/north-east

Soil: calcareous and clayey marl

Wine training system: Archetto variation of Guyot system

Planting density: 4000 plants/ha

Grape harvest: September 15th - 30th

Serving temperature: 18 °C

Technical profile

Fermentation is carried out for 12 days at low temperatures, 24-28°C, followed by a soft pressing and ageing one part (70%) in stainless steel tanks for 10 months and the other part (30%) in large Slavonian oak casks for 10 months at a temperature of 18°C. After that the two parts are blended together for 6 months of refining in bottle. This traditional process allows the maintenance of the fresh acidity and spicy notes of an easy-to-drink, fragrant, unique and elegant wine.

Perfect pairing

We think it is wrong to recommend a “perfect” food - wine pairing, because everyone has their personal ideas and tastes. However we can suggest with whom it is perfect to drink this wine. With everybody!
